Congratulations to the first tournament winners.

I know there were several others who fished and just did not post a fish. Way to go and you will have another shot at the next tournament on October 26th. Get your friends together and head to a pond, lake, or river. BE SAFE! HAVE FUN! You are allowed to catch as many fish as possible and post them. Your Top 5 Bass will count towards the winning weight. As more youth come on board it will be increasingly important to use a check it stick as seen in an earlier post. It will also be important that I can read your length by the photo or it may not count!
